PILLOW

M E N U

Pillow choice is an important factor in inducing a great night's sleep. Our pillows are wonderfully comfortable, standard design microfiber pillows. Please contact us if you would like an alternative pillow from the list below.

1. Thin and flat microfiber pillow:

Provides your head with a flat and comfortable platform ensuring your neck is kept level and head supported. Particularly good for those who sleep on their stomach or back.

2. Down pillow:

Lightweight, warm and soft. It forms to the curve of your head and neck providing customized support and the right balance. Down pillows breathe easily and allow for airflow around your head and neck.

3. Extra thick microfiber pillow:

Super thick pillow that stays firm and provides additional support for your head and neck.

4. Feather pillow:

soft, warm and shaped for better comfort and support. Promotes deep sleep and pain reduction.

5. Natural Latex pillow:

Made from 100% latex, which is a natural rubber. It is anti-bacterial, breathable and cooling. It is also very supportive and responds to movement. It reshapes in order to distribute pressure.
